

DEBATE COMPETITION

The debate competition held for the topic, Is Sustainable Development truly sustainable? , proved to be an interesting and brainstorming session for the participants, audience and the judges. The participant teams had a healthy discussion on the topic covering the issues like the economics of sustainable development, government regulations, noteworthy examples, the shortcomings and the loopholes in the concept, green jobs, with the debate mostly revolving around the renewable energy issue. The **GAGAN** team comprising Manali, Shailesh and Shivangi was the winner for the debate competition for their team co-ordination, presentation accompanied with facts and better convincing skills. The session was very well co-ordinated by the student co-coordinators (Pooja Sharma, Sagar Shinde and Ashonal Pereira) under the guidance of Ms.Rupali.Zele.
